

Codage Huffman V

Cette énigme a été créée par **jaudi**

La réponse correspond au mot qui s'est égaré lors de la transmission binaire effectuée par Alice :

```

Méthode utilisée (indication) :

Ce message a été chiffré par codage Huffman adaptatif, plus précisément par l'algorithme V imaginé par Jeffrey Vitter. Vous trouverez la documentation du système sur le site, dans mon cours intitulé « Étude du codage Huffman ».
